Interesting Contests on Saturday-Sulli-

van, the Singger, as a Pitcher. PHILADELPHIA, May 27 .- The Metropolitans, of New York, were yesterday for the fifth time defeated by the Athletics, There were over 8,000 spectators in attendance. The Metropolitans opened the game by scoring three runs in the first inning and blanking their runs in the first insing and blanking their opponents. They held the lead until the last half of the third inning, when by heavy batting, assisted by errors, the Athletics succeeded in tleing the game amid deafening applause. Through several telling errors by Lynch—a wild throw and a wild pitch—assisted by good batting, the Athletics got in six runs in the fifth and sixth innings, which was them the victory. The following is the gave them the victory. The following is the

all of which readily yield to proper deriamological skill.

THE EYERROWS AND EYELASHES.

There is more beauty in a pair of vigorous, regular, uniform, and weblekept eyebrows, long, drooping, curved, and bewitching eyelashes, than people are aware of A very unattractive eye assumes new beauty and greater influence when it looks from beneath long, well-developed, fascinating fringes. In oriental countries these are considered to be the most distinguishing features of personal beauty, and a lady's lashes are unattractive if not long and drooping. Our society indies acknowledges these to be a rare adjunct of beauty, by resorting to the use of pencil and brash to supply artificially this facini adornment which nature has falled to supply to them in sufficient quantity.

THE HAIR.

An important branch of Dermatology is the treatment and management of the Hair. A thick, vigorous, insuriant head of hair is one of the most distinguishing marks of personal beauty. To be regal larred is the pride of man and the glory of woman and is a personal adornment appreciated by every one. Every lady and gentleman who has the least regard for their personal appearance should pay the structest attention to the care, preservation, management, and treatment of the hair and scale, so as to preserve its youthfulness and luxurinace as late in life as possible. No one should be hald or gray under a. It is really surprising the number of young men who are becoming prematurely fail.

Thinness, fulling, partial loss of nair and baidness is produced by many causes. Some are hereditary. Entire families loss their hair carly in life to theirs from illness, some from headable, our and the result of scaly scalp letter, exceeding the other unventilated hats and caps. You never see a man hald below where his lant touches, unless it is buildness where the hair is completely destroyed. The different forms of baidness derive their names from the parts affected, thus:

There are Crowa, Frontal, Part, Temple, and Spot Baidness.

CLARRYLLE, TENN.

After thoroughly investigating and testing Moody's new tailor system for dress cutting, and having had several weeks of personal instruction from D. W. Moody, the inventor, i do not bestiate to pronounce it per,ect, and ladies using this system will not fall to find it the ne plus ultra of modern elegance.

Miss. Dit. C. A. Minns.

D. W. Moont: Why not I, too, write a testimonial in favor of your new and perfect tailor system for for dress cutting. There is not a lady that lives who could help recommending your system after she had taken one or two lessons. It is the very image of perfection and elmplicity, and is worthy of the highest appreciation from the intelligent public, and is bound to triumph over all other systems, and the day will soon come when a dressmaker must use your system or she will have no costom.

Hessis & Ginnard,
Gallipolis, Gallia county, Onlo,

Mr. D. W. Moody-Dear Sir: I am perfectly de lighted with your tailor system of square measurement. Any lady who doubts its merits should give is a trial and she will be doubly rewarded. I would not de without it, and take great pleasure in recommending it. Yours respectfully.

D. W. Moody: I have learned your new tailor system of dress cutting. It is the most perfect ever invented. Every lady ought to learn it. I can and will cut and make a dress of the threat goods and guarantee it to fit perfectly, without trying it on, for any lady who lives. Yours truly.

FARMIN E. WILBURN, Dressmaker,

CARROLLYON, Ky.

Every lady who expects to cut a dress during her
existence should learn D. W. Moody's tailor system
of dress cutting. It is perfect.

KATIE J. BELL.

CARTHAGE, OHIO.

Ms. D. W. Moody: I cheerfully recommend your new tailor system of square measurement for dress cutting to all who are in doubt as to its merit; and I will farther say that I would not take \$50 for the knowledge I have gained in the short time I have been learning.

Tam a student of D.W. Moody, and after a thorough test pronounce his manner of tenching and system of cutsing perfect.

I consider D. W. Moody's system of dress cutting perfect. I have used three other systems, and find none of them compare at all with the Moody system, It is perfect in every particular. I would not use any other.

Walnut Hills, Christmatt, Ohio, I have been in the employ of Mr. D. W. Moody for

the past seven months as teacher, and can namy re-ommend his new faller system as being the test and most perfect used, as has been stated time and such by falles of our hand elsewhere who have invest-gated and learned legions of systems, scales, and charts. Respectfully, Mass MINNIE Erretten, 88 Lock street, MR. D. W. Moody: I have learned your system of dress cutting, and am delighted with it. Do not believe any mode of dress cutting can give such satisfaction as yours and so easily learned. Nothing intricate about it. The more I work with it the more I love it.

LORENA WOODS.

I like the fashionable cutting of Moody's garments, which I have learnest. It sever fails, and gives full satisfaction. I would recommend all ladies wishing to learn dress cutting to go to Mr. D. W. Moody, for his fit is the ornament of the body.

Rosa WENDELSTEIN,
166 Pete street, Cincinnati, Ohio,

Mr. D. W. Moody, Esq.—Dear Sir: I recommend your system of square measurement for dress cutting and think it excels all others for perfect fitting, and without the changing of a single stilch or the use o paper or patterns. I advise all ladies to learn it. Yours respectfully. Grace D. Handravis, 264 Eastern avenue, Cincinnati, Ohlo.

I take pleasure in telling the public that I took my first lesson from Mr. D. W. Moody Thursday before Christmas, not having the least idea of cutting, fitting, or even sewing a dress. Have since made myself two suits. I consider my money well invested.

23 Pleasant street, Cincinnati, Onio.

Ms. Moony: I am one who doubted that you could or would teach all you claim, but I have only been in yourschool short time, and am now willing so indorse every claim you make in favor of your system and form of teaching. Ladies go to Mr. Moody's school, and in a few days you will wonder why every lady does not learn too.

TILLIE OVERBIEK.
288 Court st., Cincinnati, O.

D. W. Moony, req.: It does me good to recommend your new tailor system, as I have found after learning it that your claims are all as true as the win hlows. I advise every lady to learn it, as it will make them all happy when they cut their dresses to see them fit without a wrinkle from neck to floor.

THLUE GROSHELL

intend to be dress makers to come and gain knowledge on this subject as I have in D. W. Moody's
school, corner Ninth and Wainut, and after you will
never need a pattern. It is really worth the money
for times over.

MARY HITKER.

Mr. Moony: I have learned my cutting and dress making by your tailor system, and wash everybody will learn it. I am perfectly satisfied with Mr. Muody's tailor system. I am only three on your sold Unitle Kinchen.

All of the above letters were received in one day, February 3, 1984. The above letters were all published in the Ciocin-nati Enquirer of February 4, 1883.
